Lumetta Announces Community Outreach Partnership with Habitat for Humanity *Helping to Make Safe, Affordable, Sustainable Home Ownership a Reality*

Providence, RI – August 19, 2021

Lumetta is proud to announce a new community outreach partnership with Habitat for Humanity that focuses on affordability for Habitat homeowners.

Lumetta recently donated commercial grade artisan light fixtures to the global housing nonprofit to be utilized in their home building programs. The contribution of custom lighting solutions for use in new Habitat homes will help keep the building costs low and give the nonprofit organization additional goods to sell—raising much needed funds for the construction of more homes.

Lumetta's contribution of energy-efficient luminaires will make a meaningful difference by helping to beautify the Habitat homes and may assist in lowering the electricity costs for the Habitat homeowners. Lower energy costs help families avoid a cycle of debt and allow them the opportunity to build a more secure future for themselves.

The donation of light fixtures comes at a time when there is extraordinary need for access to affordable housing. Many families have been struggling during the Covid-19 pandemic and continue to experience economic turmoil caused by the virus.

"We are very honored to be able to collaborate with Habitat for Humanity and help make safe, affordable, sustainable home ownership a reality," said Bowen Wheatley, Design Lead.

About Lumetta

Established in 1992 and specializing in custom-designed commercial lighting, Lumetta is a national leader in the design, manufacturing, and distribution of innovative, high-quality, decorative lighting solutions for commercial and high-end residential applications.

Our team of lighting engineers and design experts work with professionals in all commercial sectors, including medical, hospitality, education, government, retail, office and transport hubs; ensuring complete satisfaction and the best quality and professional service for all your lighting needs. We are committed to providing superior customer service and product performance.

Most of Lumetta's fixtures are made using our proprietary Lumenate®, a material designed and used exclusively for our luminaire shades. Lumenate® is washable, fade resistant; antimicrobial, designed to bring out vibrant colors, hues and patterns and is fully customizable to match colors and display custom graphics. About Habitat for Humanity

Driven by the vision that everyone needs a decent place to live, Habitat for Humanity began in 1976 as a grassroots effort on a community farm in southern Georgia. The Christian housing organization has since grown to become a leading global nonprofit working in local communities across all 50 states in the U.S. and in more than 70 countries.

Families and individuals in need of a hand up partner with Habitat for Humanity to build or improve a place they can call home. Habitat homeowners help build their own homes alongside volunteers and pay an affordable mortgage. Through financial support, volunteering or adding a voice to support affordable housing, everyone can help families achieve the strength, stability, and self-reliance they need to build better lives for themselves. Through shelter, we empower. To learn more, visit habitat.org.
