TASK

A contemporary solution to general lighting applications that provides strong lighting properties and even lighting distribution. Lumetta's high-efficiency flush-mounted LED Task Collection brings functional and minimal design to your space.

- Washable Lumenate® shades
- Classic shape and proportions
- Looks expensive but is affordable
- Fun, functional, and fashionable
- Widely used for general lighting applications
- Clean-lined, round metal and acrylic shade in the color and pattern of your choice*

TASK

Proper lighting enhances color clarity and reduces eye strain. Lumetta's high-efficiency LED Task Collection improves daily activities like reading and working while increasing energy efficiency and minimizing waste. Enjoy superior value-engineering, comfort, and productivity—all at an affordable price.

We offer three progressive surface mounts with a distinctly modern flair. Aptly named Stark and Muse, each available in multiple options.

- Stark is available in your choice of opaque black or white shade with matching finish
- Stark S2 is available as a dual surface shade with white finish
- Muse is available in any of our ten exclusive designer shade wrap options with your choice of black or white finish
- Fixtures meet all utility and design requirements
- Washable and antimicrobial Lumenate® shades
- Ideal for medical, hospitality, education, government, retail, and office use
